

Volunteering

Hey you! Nice to see you are interested in volunteering at the ONCS 2025. To make this event possible we need people like you so that everything will proceed smoothly. In this leaflet I will explain why you would volunteer, and what it entails.

Why volunteer?

First of all, let's start by why you would want to volunteer. As a volunteer you get to experience the ONCS from a unique point of view. You will also receive a beautiful volunteer t-shirt, meals during the days and you will have a separate hall where you can sleep in peace away from the crowd. Another upside of volunteering is that you pay no participation fee, so you will be able to enjoy the ONCS for free!

What you'll be doing

As a full-time volunteer you will be helping us all three days, during different activities throughout the event. Your tasks will be a combination of the ones during the sporting and the party related activities.

Considering the sports part, the following things could be on your to do list:

- Setting up and cleaning up sport fields and halls
- Managing the sport fields
- Keeping track of round durations
- Giving team captains the corresponding score forms
- Making sure the score forms are all accounted for
- Filling in the score forms on a master form and bringing this to the competition management
- Some cleaning
- Checking inventory

When helping with the parties, the following things could be on your to do list:

- Helping with the special activity
- Decorating the party locations and removing decorations
- Helping with the beer relay
- Some cleaning
- Helping at the service desk and making rounds through the sleeping halls

There are also some other things that need to be done:

- Helping with breakfast, lunch, dinner
- Preparing sleeping halls
- Preparing luggage storage
- Helping with goodie bags
- Doing wake-up calls
- Setting up prize ceremony

The times you will be volunteering are approximately:

Wednesday 28th May: starting at 16:00

Thursday 29th May: whole day

Friday 30th May: until 15:00

Important notice: of course you won't be busy 24/3 and you will be able to get a decent amount of sleep.

Becoming a volunteer

Now you know approximately what to expect during the ONCS as a volunteer. We will make a volunteer planning schedule, this planning is prone to deviation. Therefore we cannot make any promises on who will be doing what exactly. However, we will try our best to make sure everyone has a good time as a volunteer. Because there is no event without volunteers!

You can sign up for being a volunteer at the volunteer registration form. If you have any questions, don't hesitate to contact us at oncs2025@acdweb.nl!

Yours sincerely, on behalf of the committee,

Klaar van den Beuken

Secretary ONCS 2025 - Amsterdam
